Setting up a wireless connection

Before you connect, you need:

- a wireless router.

- to determine whether your wireless router supports Wi-Fi Protected Setup (WPS).

NOTE: If you have specific questions about your router, see your router manufacturer's documentation.
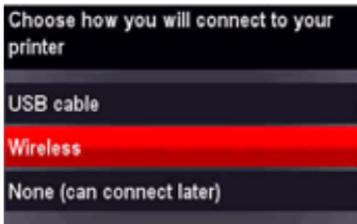

Connecting to a wireless router (non-WPS)

Record your network information in the spaces below, using uppercase and lowercase letters.

Network Name (SSID): _____

Security String (case-sensitive): _____

NOTE: If you already set up your printer, you need to press **Home**, then press ▼ to select **Network Settings**, then **Wi-Fi Setup Wizard**. Press **OK** after each selection.

1 Press ▼ to select **Wireless**, then press **OK**.

Choose how you will connect to your printer

USB cable

Wireless

None (can connect later)

2 Press ▼ to select your network, then press **OK**.

| Select network to connect	
WPS Connect	
NetworK1	100%
Net8	80%
CafeLuna	60%

If you don't see your network in the list, select **Rescan for Wireless Networks**, then press **OK**.

NOTE: If the name of your network is not listed, make sure your wireless router is turned on and within range.
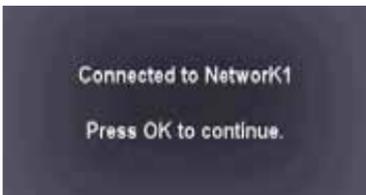

3 If your network requires a password, use the LCD keyboard to enter your Security String. The Security String is case-sensitive.

On the control panel, press ▲, ▼, ◀ or ▶ to select the letters and numbers, using the correct uppercase and lowercase letters. Press **OK** after each character. When you are done, select **DONE**, then press **OK**.

Enter Security String
◀ v w x y z **a** b c d e f ▶
◀ V W X Y Z A B C D E F ▶
◀ _ . ^ / ~ 1 2 3 4 5 6 ▶
◀ ▶ ◀BKSP SP DONE

Use the arrow keys to select the letters, numbers, and symbols. Press **OK** after each selection.

4 When the confirmation message appears, press **OK**.

Connected to NetworK1

Press OK to continue.

When the printer is successfully connected, the Wi-Fi status light is on.

5 Install the KODAK All-in-One Printer Software on your computer. Follow the on-screen instructions to complete your setup.
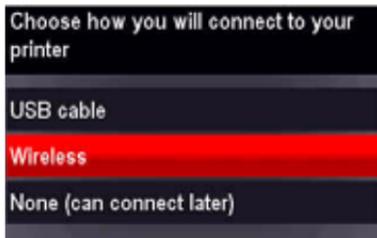

If you installed the software before connecting to your network:

- For WINDOWS OS: Select **Start** > **Programs** > **Kodak** > **Kodak Printer Network Set-Up Utility** and follow the on-screen instructions.
- For MAC OS: Select **System Preferences**, then **Print & Fax** (under Hardware). Click the **+** sign to add a printer to your wireless network.
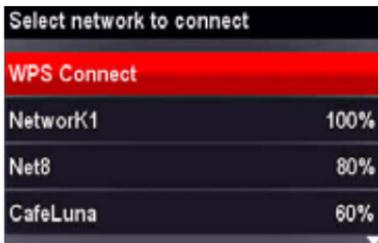

Connecting to a WPS wireless router

NOTE: If you already set up your printer, you need to press **Home**, then press ▼ to select **Network Settings**, then **Wi-Fi Setup Wizard**. Press **OK** after each selection.

1 Press ▼ to select **Wireless**, then press **OK**.

Choose how you will connect to your printer

USB cable

Wireless

None (can connect later)

2 With **WPS Connect** selected, press **OK**.

3 Select one of the following two methods of connecting:

IMPORTANT: Before you press **OK** on the printer, make sure you know where the router's button is, or where to enter the generated PIN.
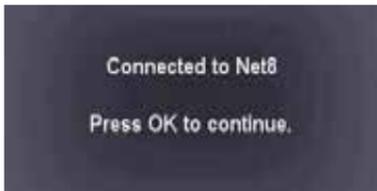

Push Button Configuration	Entering a PIN
NOTE: You will have two minutes to press or select the WPS button. It may be a button on the device or a virtual button in the device's software.	**a** Press ▼ to select **Generate WPS PIN**, then press **OK**.
	b In your wireless router's software, locate the PIN screen.
a With **Push Button Configuration** selected, press **OK**.	**c** Enter the PIN you received from the LCD into the PIN screen.
b Press or select the WPS button for your wireless router.	

4 When the confirmation message appears, press **OK**.

Connected to Net8

Press OK to continue.

When the printer is successfully connected, the Wi-Fi status light is on.

5 Install the KODAK All-in-One Printer Software on your computer. Follow the on-screen instructions to complete your setup.

If you installed the software before connecting to your network:

- For WINDOWS OS: Select **Start** > **Programs** > **Kodak** > **Kodak Printer Network Set-Up Utility** and follow the on-screen instructions.
- For MAC OS: Select **System Preferences**, then **Print & Fax** (under Hardware). Click the **+** sign to add a printer to your wireless network.
