Setting up your camera

Turning on the camera

Setting the language, date/time

Language:
1. \uparrow/\downarrow to change.
2. OK to accept.

Date/Time:
1. At the prompt, press OK.
2. \uparrow/\downarrow to change.
   \left/\right for previous/next field.
   OK to accept.

NOTE: To change the date/time and language in the future, use the Menu button (see page 31).
Storing pictures on an SD or MMC card

Your camera has internal memory. You can purchase an SD or MMC card to conveniently store more pictures and videos (www.kodak.com/go/c613accessories). We recommend Kodak SD or MMC cards.

NOTE: When using the card for the first time, format the card in this camera before taking pictures (see page 26). To choose a storage location for pictures and videos, see page 24.

CAUTION:
A card can only be inserted one way; forcing it may cause damage. If you insert or remove a card while the camera is accessing it, the card, pictures, or camera may be damaged.

See page 50 for storage capacities.
2 Taking pictures/videos

Taking a picture

1 Press the Shutter button halfway to focus and set exposure.
2 When the framing brackets turn green, press the Shutter button completely down.

Reviewing the picture just taken

After you take a picture or video, the LCD displays a quickview for approximately 10 seconds. (To exit the quickview sooner, press the Shutter button halfway.)

The picture is saved unless you press the Delete button.

To review pictures/videos anytime, see page 12.

www.kodak.com/go/support
**Using the framing marks to take pictures**

Framing marks indicate the camera focus area. The camera attempts to focus on foreground subjects, even if the subjects are not centered in the scene.

1. Press the Shutter button **halfway**.  
   *When the framing marks turn green, focus is accomplished.*

2. If the camera is not focusing on the desired subject (or if the framing marks disappear), release the Shutter button and recompose the scene.

3. Press the Shutter button **completely down** to take the picture.

**NOTE:** Framing marks do not appear in all modes. When you use AF Zone and set Center Zone, the framing marks are fixed at Center Wide.

**Taking a video**

- **1** Press the Shutter button completely down and release.
- **2** To stop recording, press and release the Shutter button again.
- To hear audio, transfer the video to your computer.

Taking pictures/videos

Using optical zoom

1 Use the LCD to frame your subject.
2 Press Telephoto (T) to zoom in. Press Wide Angle (W) to zoom out.
   The zoom indicator shows zoom status.
3 Take the picture or video.

NOTE: For focus distances, see page 48.
- Always use the auto focus framing marks, page 5.
- If you are using no zoom (1X, wide angle), you can be as close as 24 in. (60 cm) to your subject.
- As you zoom, you need to move further from your subject.

Using the digital zoom

Use digital zoom in any Still mode or during video recording to get up to 5X magnification beyond optical zoom.

1 Press Telephoto (T) to the maximum optical zoom limit. Release the button, then press it again.
2 Take the picture.

NOTE: You may notice decreased image quality when using digital zoom. The slider on the zoom indicator turns red when the picture quality reaches the limit for an acceptable 4 x 6-in. (10 x 15 cm) print.
Using the flash

Use the flash when you take pictures at night, indoors, or outdoors in heavy shadows.

Press the button repeatedly to scroll through flash modes (see Flash modes below).

The current flash mode appears in the LCD screen.

3 Working with pictures/videos

Reviewing pictures/videos

Press the Review button to view and work with your pictures/videos. Press Review again to exit.

1. Press the Review button.
2. Press ←/→ to view previous/next picture/video.

To save battery power, use an optional Kodak EasyShare dock or Kodak 3-volt AC adapter. (Visit www.kodak.com/go/c613accessories).

NOTE: Pictures taken at a 3:2 picture size have a black bar at the top and bottom. Pictures taken at 16:9 picture size have a black bar at the sides. A video’s duration is displayed at the top of the LCD.

Magnifying pictures

1. Press the Review button.
2. Press W/T to magnify 2X–8X.
3. Press ↑/↓←/→ to view other parts of the picture.
4. Press OK to return to 1X.

NOTE: If you press ↓ while at 1X, the view changes from single-picture to multi-up thumbnails. (See page 13.)
Playing a video

1. Press the Review button.
2. Press \( \leftarrow / \rightarrow \) to find previous/next video.
   - Press \( \uparrow \downarrow \) to play/pause.
   - Press \( \uparrow \) during playback to play at 2X, 4X.
   - Press \( \downarrow \) to reverse at 2X, 4X.

   **NOTE:** To hear audio, transfer the video to your computer.

Viewing thumbnails (multi-up)

2. Press \(\text{\textless}/\text{\textgreater}\) to highlight On, then press OK.
3. Press \(\text{\textless}/\text{\textgreater}\) to highlight Begin Show, then press OK.
   - The slide show repeats until you press OK or until battery power is exhausted. The loop feature remains until you change it.
Working with pictures/videos

Copying pictures/videos
You can copy pictures/videos from a card to internal memory or from internal memory to a card.

Before you copy, make sure that:
- A card is inserted in the camera.
- The camera’s image storage location is set to the location from which you are copying (see page 24).

Copy pictures/videos:
1. Press the Review button, then the Menu button.
2. Press ▲/▼ to highlight Copy, then press OK.
3. Press ▲/▼ to highlight an option.
4. Press OK.

NOTE: Pictures/videos are copied, not moved. To remove pictures/videos from the original location after copying, delete them (see page 14).

Tags that you applied for print, email, and favorites are not copied. Protection settings are not copied. To apply protection to a picture/video, see page 14.

Using exposure compensation to adjust picture brightness

Before you take a picture, you can adjust exposure compensation to make pictures darker or lighter.

- Press ‹ to decrease exposure compensation.
- Press › to increase exposure compensation.

The exposure compensation level is shown on the LCD; the LCD gets brighter or dimmer.

Using the framing grid to compose a picture

The framing grid divides the LCD into thirds—vertically and horizontally. This is helpful if, for example, you want to balance a picture between water, earth, and sky.

To turn on the framing in Auto/SCN modes, press the Info/Display | button until the grid appears.

Sharing your pictures

Press the Share button to tag your pictures and videos. When they are transferred to your computer, you can share them. Use the Share button:

- Any time. (The most recent picture/video taken is then displayed.)
- Just after you take a picture/video, during quickview.
- After pressing the Review button.

Tagging pictures for printing

1  Press the Share button. Press ←/→ to locate a picture.

2  Press ↑/↓ to highlight Print, then press OK.*

3  Press ↑/↓ to select the number of copies (0-99). Zero removes the tag for that picture.

   **Optional:** You can apply a print quantity to other pictures. Press ←/→ to locate a picture. Press ↑/↓ to change the print quantity. Repeat until the desired print quantity is applied to pictures.

4  Press OK.

   *The Print icon appears in the status area.*

5  Press the Share button to exit the menu.

* To tag all pictures in the storage location, highlight Print All, press OK, then indicate the number of copies. Print All is not available in quickview. To remove print tagging for all pictures in the storage location, highlight Cancel Prints, then press OK. Cancel Prints is not available in quickview.

Printing tagged pictures

When you transfer the tagged pictures to your computer, the Kodak EasyShare software print screen opens. For details, click the Help button in EasyShare software. For more information on printing from your computer, printer dock, PictBridge enabled printer, or card, see page 35.

NOTE: For the best 4 x 6 in. (10 x 15 cm) prints, set the camera to the 5.4 MP (3:2) picture size setting (see page 23.)
Tagging pictures and videos for emailing

First—on your computer
Use Kodak EasyShare software to create an email address book on your computer. Then copy up to 32 email addresses to the camera’s internal memory. For details, click the Help button in EasyShare software.

Second—tag pictures/videos on your camera
1. Press the Share button. Press $\Delta/\triangledown$ to locate a picture/video.
2. Press $\Delta/\triangledown$ to highlight Email, then press OK.
   The Email icon $\text{Email}$ appears in the status area.
3. Press $\Delta/\triangledown$ to highlight an email address, then press OK.
4. To tag other pictures/videos with the same address, press $\Delta/\triangledown$ to scroll through them. When the picture you want is displayed, press OK.
5. To send the pictures/videos to more than one address, repeat step 3 for each address.
   Selected addresses are checked.
6. To remove a selection, highlight a checked address and press OK. To remove all email selections, highlight Clear All.
7. Press $\Delta/\triangledown$ to highlight Exit, then press OK.
8. Press the Share button to exit the menu.

Third—transfer and email
When you transfer the tagged pictures/videos to your computer, the Email screen opens and lets you send them to the addresses you specified. For details, click the Help button in Kodak EasyShare software.

Tagging pictures as favorites

You can preserve your favorite pictures in the Favorites section of your camera’s internal memory, then share them with friends and family.

NOTE: When you transfer pictures from your camera to your computer, all pictures (including favorites) are stored on your computer at full size. Favorite pictures - smaller copies of your originals - are loaded back to your camera, so you can share and enjoy more.

| 1. Tag pictures as favorites | 1 | Press the Share button. Press ←/→ to locate a picture. |
|  | 2 | Press ↑/↓ to highlight Favorite, then press OK. |
|  |   | The Favorite icon ❤️ appears in the status area. To remove the tag, press OK again. |
|  |   | Press the Share button to exit the menu. |
| 2. Transfer pictures to your computer | 1 | To enjoy all the available features, load and use the EasyShare software that was packaged with this camera. (See page 35.) |
|  | 2 | Connect the camera to the computer using the USB cable (see page 36) or an EasyShare dock. |
|  |   | The first time you transfer pictures, the software helps you make choices about your favorite pictures. Then, your pictures are transferred to the computer. Favorite pictures (smaller versions of the originals) are loaded to the Favorites section of your camera’s internal memory. |
| 3. View favorites on your camera | 1 | Turn the Mode dial to Favorites ❤️. |
|  | 2 | Press ←/→ to scroll through favorites. |

NOTE: The camera holds a limited number of favorites. Use Camera Favorites in the EasyShare software to customize the size of your camera Favorites section. Videos tagged as favorites remain in the Favorites folder in EasyShare software. For details, click the Help button in EasyShare software.

NOTE: Pictures taken at a 3:2 picture size have a black bar at the top and bottom. Pictures taken at 16:9 picture size have a black bar at the sides. A video’s duration is displayed at the top of the LCD.

Removing favorites from your camera

1. Turn the Mode dial to Favorites.
2. Press the Menu button.
3. Highlight Remove Favorites, then press OK.
   All pictures stored in the Favorites section of internal memory are removed. Favorites are restored the next time you transfer pictures to the computer.
4. Press the Menu button to exit the menu.

Preventing camera favorites from synchronizing with the software
If you don’t want to use the favorites feature:
1 Open EasyShare software.
2 From the Tools menu, select Cameras/Viewers > Sync and Transfer Manager.
3 Click to highlight your camera, then click Camera Favorites Album Properties.
   NOTE: If your camera model is not visible, use the USB cable to connect your camera to the computer.
4 Drag the Internal Memory slider to 0%, then click OK.
5 Close the Sync and Transfer Manager window.
   Camera favorites will no longer synchronize with EasyShare software.
   To turn on the sync feature, select Yes, synchronize with my software.
   To delete favorites from your camera, press the Delete button while in Favorites mode.

Printing and emailing favorites
1 Turn the Mode dial to Favorites . Press  to locate a picture.
2 Press the Share button.
3 Highlight Print or Email, then press OK.
   NOTE: Favorites that were taken on this camera (not imported from another source) are good for prints up to 4 x 6 in. (10 x 15 cm).

Tagging pictures/videos for albums
Use the Album feature in Review mode to tag the pictures/videos in your camera with album names.

First—on your computer
Use EasyShare software to create albums on your computer, then copy up to 32 album names to the camera’s internal memory. See EasyShare software Help for details.
Second—on your camera
1. Press the Review button, then locate the picture or video.
2. Press the Menu button.
3. Press ▲/▼ to highlight Album, then press OK.
4. Press ▲/▼ to highlight an album folder, then press OK.
   To add other pictures to the same album, press ◀/▶ to scroll through the pictures. When the picture you want is displayed, press OK.
   To add the pictures to more than one album, repeat step 4 for each album.
   *The album name appears with the picture. A plus (+) after the album name means the picture was added to more than one album.*
To remove a selection, highlight an album name and press OK. To remove all album selections, select Clear All.

Third—transfer to your computer
When you transfer the tagged pictures/videos to your computer, EasyShare software opens and categorizes your pictures/videos in the appropriate album folder. See EasyShare software Help for details.

Pre-tagging for album names
Use the Set Album feature to pre-select album names before you take pictures or videos. Then, all the pictures or videos you take are tagged with those album names.

First—on your computer
Use the EasyShare software that was packaged with your camera to create album names on your computer. The next time you connect the camera to the computer, copy up to 32 albums to the album name list. See EasyShare software Help for details.
Doing more with your camera

Second—on your camera
1 In any mode, press the Menu button.
2 Press ▲/▼ to highlight Set Album, then press OK.
3 Press ▲/▼ to highlight an album name, then press OK. Repeat to mark pictures or videos for albums.
   Selected albums are noted with a check mark.
4 To remove a selection, highlight an album name and press OK. To remove all album selections, select Clear All.
5 Highlight Exit, then press OK.
   Your selections are saved. If you turn on the LCD, your album selection is displayed on the screen. A plus (+) after the album name means more than one album is selected.
6 Press the Menu button to exit the menu.

Third—transfer to your computer
When you transfer the tagged pictures or videos to your computer, EasyShare software opens and categorizes your pictures in the appropriate album. See EasyShare software Help for details.
Installing the software

⚠️ CAUTION:
Install EasyShare software before connecting the camera to the computer. Failure to do so may cause the software to load incorrectly.

1. Close all software applications that are open on your computer (including anti-virus software).
2. Place the EasyShare software CD into the CD-ROM drive.
3. Load the software:
   - Windows OS—if the install window does not appear, choose Run from the Start menu and type d:\setup.exe where d is the drive letter that contains the CD.
   - Mac OS X—double-click the CD icon on the desktop, then click the Install icon.
4. Follow the on-screen instructions to install the software.

NOTE: When prompted, take few minutes to electronically register your camera and software. To register later, visit www.kodak.com/go/register.

5. If prompted, restart the computer. If you turned off anti-virus software, turn it back on. See the anti-virus software manual for details.

For information on the software applications included on the EasyShare software CD, click the Help button in EasyShare software.
Transferring and printing pictures

Transferring pictures with the USB cable

1. Turn off the camera.
2. Connect the USB cable (U-8).
3. Turn on the camera.

Kodak EasyShare software opens on your computer and prompts you through the transfer process.

NOTE: Visit www.kodak.com/go/howto for an online tutorial on connecting.

Also available for transferring

You can also use these Kodak products to transfer your pictures and videos.

- Kodak EasyShare camera dock, Kodak EasyShare printer dock (see page 37)
- Kodak multi-card reader, Kodak SD multimedia card reader-writer

Purchase these and other accessories at a dealer of Kodak products or visit www.kodak.com/go/c613accessories.
Printing pictures

Printing with a Kodak EasyShare printer dock
Dock your camera to the Kodak EasyShare printer dock and print directly—with or without a computer. Purchase this and other accessories at a dealer of Kodak products or visit www.kodak.com/go/c613accessories.

Direct printing with a PictBridge enabled printer
Your camera is compatible with PictBridge technology, so you can print directly to PictBridge enabled printers. You need:

■ Camera with fully charged batteries
■ PictBridge enabled printer
■ USB cable (may be sold separately)

Connecting the camera to a PictBridge enabled printer

1 Turn off the camera and printer.
2 Connect the appropriate USB cable from the camera to the printer. (See your printer user guide or visit www.kodak.com/go/c613accessories.)
Transferring and printing pictures

Printing from a PictBridge enabled printer

1  Turn on the printer. Turn on the camera.
   The PictBridge logo is displayed, followed by the current picture and menu. (If no
   pictures are found, a message is displayed.) If the menu interface turns off, press any
   button to redisplay it.

2  Press ▲/▼ to choose a printing option, then press OK.
   - **Current Picture**—Press ▼ to choose a picture. Choose the number of copies.
   - **Tagged Pictures**—If your printer is capable, print pictures that you tagged for
     printing and choose a print size.
   - **Index Print**—Print thumbnails of all pictures. This option requires one or more
     sheets of paper. If the printer is capable, choose a print size.
   - **All Pictures**—Print all pictures in internal memory, on a card, or in Favorites.
     Choose the number of copies.
   - **Image Storage**—Access internal memory, a card, or Favorites.

   NOTE: During direct printing, pictures are not permanently transferred or saved to the computer or printer.

Disconnecting the camera from a PictBridge enabled printer

1  Turn off the camera and printer.

2  Disconnect the USB cable from the camera and the printer.

Using a printer that is not PictBridge enabled

For details on printing pictures from your computer, click the Help button in EasyShare
software.
Transferring and printing pictures

Ordering prints online
Kodak Gallery (www.kodakgallery.com) is one of the many online print services offered in the Kodak EasyShare software. You can easily:
  ■ Upload your pictures.
  ■ Edit, enhance, and add borders to your pictures.
  ■ Store pictures, and share them with family and friends.
  ■ Order high-quality prints, photo greeting cards, frames, and albums—and have them delivered to your door.

Printing from an optional SD/MMC card
  ■ Automatically print tagged pictures when you insert your card into a printer with an SD/MMC card slot. See your printer user’s guide for details.
  ■ Make prints at an SD/MMC-capable Kodak picture maker/picture kiosk. (Contact a location before visiting. Visit www.kodak.com/go/picturemaker.)
  ■ Take the card to your local photo retailer for professional printing.

Dock compatibility for your camera
To see which Kodak EasyShare docks are compatible with your camera, visit www.kodak.com/go/dockcompatibility.

Purchase camera docks, printer docks, and other accessories at a dealer of Kodak products or visit www.kodak.com/go/c613accessories.

Care and maintenance

■ If you suspect water has gotten inside the camera, remove the battery and card. Allow all components to air-dry for at least 24 hours before using the camera.
■ Blow gently on the lens or LCD to remove dust and dirt. Wipe gently with a soft, lint-free cloth or an untreated lens-cleaning tissue. Do not use cleaning solutions unless designed specifically for camera lenses. Do not allow chemicals, such as suntan lotion, to contact painted surfaces.
■ Service agreements may be available in your country. Contact a dealer of Kodak products for more information.
■ For digital camera disposal or recycling information, contact your local authorities. In the US, visit the Electronics Industry Alliance Web site at www.eiae.org or the Kodak Web site at www.kodak.com/go/c613support.

Upgrading your software and firmware

Download the latest versions of the software included on the Kodak EasyShare software CD and the camera firmware (the software that runs on the camera). Visit www.kodak.com/go/c613downloads.

Storage capacities

The LCD displays the approximate number of pictures (or minutes/seconds of video) remaining. For average SD card capacities, visit www.kodak.com/go/SDcapacities. Actual storage capacity varies depending on subject composition, card size, and other factors. You may be able to store more or fewer pictures and videos. Favorites take up additional space in internal memory.
Important safety instructions

⚠️ CAUTION:
Do not disassemble this product; there are no user-serviceable parts inside. Refer servicing to qualified service personnel. Kodak AC adapters and battery chargers are intended for indoor use only. The use of controls, adjustments, or procedures other than those specified herein may result in exposure to shock and/or electrical or mechanical hazards. If the LCD breaks, do not touch the glass or liquid. Contact Kodak customer support.

- The use of an accessory that is not recommended by Kodak may cause fire, electric shock, or injury. For approved accessories, visit www.kodak.com/go/accessories.
- Use only a USB-certified computer equipped with a current-limiting motherboard. Contact your computer manufacturer if you have questions.
- If using this product in an airplane, observe all instructions of the airline.
- When removing the battery, allow it to cool; it may be hot.
- Read and follow all warnings and instructions supplied by the battery manufacturer.
- Use only batteries approved for this product to avoid risk of explosion.
- Keep batteries out of the reach of children.
- Do not allow batteries to touch metal objects, including coins. Otherwise, a battery may short circuit, discharge energy, become hot, or leak.
- Do not disassemble, install backward, or expose batteries to liquid, moisture, fire, or extreme temperature.
- Remove the battery when the product is stored for an extended period of time. In the unlikely event that battery fluid leaks inside the product, contact Kodak customer support.
- In the unlikely event that battery fluid leaks onto your skin, wash immediately with water and contact your local health provider. For additional health-related information, contact your local Kodak customer support.
Appendix

- Dispose of batteries according to local and national regulations. Visit www.kodak.com/go/kes.
- Do not charge non-rechargeable batteries.
  For more information on batteries, visit www.kodak.com/go/batterytypes.

* Approximate number of pictures in Auto mode (CIPA testing method using internal memory.) For acceptable battery life, and to make sure your camera operates dependably, use the batteries listed. Actual battery life may vary based on usage.

Extending battery life

- See Auto Power Off (see page 26).
- Limit the following activities that quickly deplete battery power:
  - Reviewing your pictures on the LCD (see page 12)
  - Excessive use of the flash
- Dirt on the battery contacts can affect battery life. Wipe the contacts with a clean, dry cloth before loading batteries in the camera.
- Battery performance is reduced at temperatures below 41° F (5° C). When using your camera in cold weather, carry spare batteries and keep them warm. Do not discard cold batteries that do not work; when they return to room temperature, they may be usable.
Limited Warranty

Kodak warrants Kodak consumer electronic products and accessories ("Products"), excluding batteries, to be free from malfunctions and defects in both materials and workmanship for one year from the date of purchase. Retain the original dated sales receipt. Proof of the date of purchase will be required with any request for warranty repair.

Limited warranty coverage

Warranty service is only available from within the country where the Products were originally purchased. You may be required to ship Products, at your expense, to the authorized service facility for the country where the Products were purchased. Kodak will repair or replace Products if they fail to function properly during the warranty period, subject to any conditions and/or limitations stated herein. Warranty service will include all labor as well as any necessary adjustments and/or replacement parts. If Kodak is unable to repair or replace a Product, Kodak will, at its option, refund the purchase price paid for the Product provided the Product has been returned to Kodak along with proof of the purchase price paid. Repair, replacement, or refund of the purchase price are the sole remedies under the warranty. If replacement parts are used in making repairs, those parts may be remanufactured, or may contain remanufactured materials. If it is necessary to replace the entire Product, it may be replaced with a remanufactured Product. Remanufactured Products, parts, and materials are warranted for the remaining warranty term of the original Product, or 90 days after the date of repair or replacement, whichever is longer.

Limitations

This warranty does not cover circumstances beyond Kodak’s control. This warranty does not apply when failure is due to shipping damage, accident, alteration, modification, unauthorized service, misuse, abuse, use with incompatible accessories or attachments (such as third party ink or ink tanks), failure to follow Kodak’s operation, maintenance, or repacking instructions, failure to use items supplied by Kodak (such as adapters and cables), or claims made after the duration of this warranty.
Appendix

Kodak makes no other express or implied warranty for this product, and disclaims the implied warranties of merchantability and fitness for a particular purpose. In the event that the exclusion of any implied warranty is ineffective under the law, the duration of the implied warranty will be one year from the purchase date or such longer period as required by law.

The option of repair, replacement, or refund is Kodak’s only obligation. Kodak will not be responsible for any special, consequential or incidental damages resulting from the sale, purchase, or use of this product regardless of the cause. Liability for any special, consequential or incidental damages (including but not limited to loss of revenue or profit, downtime costs, loss of the use of the equipment, cost of substitute equipment, facilities or services, or claims of your customers for such damages resulting from the purchase, use, or failure of the Product), regardless of cause or for breach of any written or implied warranty is expressly disclaimed.

Your rights

Some states or jurisdictions do not allow exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. Some states or jurisdictions do not allow limitations on how long an implied warranty lasts, so the above limitation may not apply to you.

This warranty gives you specific rights, and you may have other rights which vary from state to state or by jurisdiction.

Outside the United States and Canada

In countries other than the United States and Canada, the terms and conditions of this warranty may be different. Unless a specific Kodak warranty is communicated to the purchaser in writing by a Kodak company, no warranty or liability exists beyond any minimum requirements imposed by law, even though defect, damage, or loss may be by negligence or other act.

Regulatory compliance

FCC compliance and advisory

![Kodak EasyShare C613 zoom digital camera]

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses, and can radiate radio frequency energy and, if not installed or used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: 1) reorient or relocate the receiving antenna; 2) increase the separation between the equipment and the receiver; 3) connect the equipment to an outlet on a circuit different from that to which the receiver is connected; 4) consult the dealer or an experienced radio/TV technician for additional suggestions.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. Where shielded interface cables have been provided with the product or specified additional components or accessories elsewhere defined to be used with the installation of the product, they must be used in order to ensure compliance with FCC regulation.
