1 Setting up your camera

Charging the battery in-camera

1 Insert the Li-ion battery. Charge whenever necessary.

2 Turn off the camera, then connect it.

Charging light:
- Blinking = charging
- Off = charged
(approx. 2 hours)

See other charging solutions page 2

www.kodak.com/go/support
Setting up your camera

Charging using an external charger
A charger may be an optional accessory and differ from the one pictured.
Inserting an SD or SDHC Card

Your camera has limited internal memory—perfect for a few practice videos/pictures. We strongly suggest that you purchase an SD or SDHC Card to store more. (Maximum supported card size is 32 GB.)

⚠️ CAUTION:
A card can only be inserted one way; forcing it may cause damage. Inserting or removing a card while the camera is on may damage the video/s, the card, or the camera.

1. Turn off the camera.
2. Insert the card until it clicks.

To remove the card, press and release it, then pull it out.
Setting up your camera

Connecting the strap

Turning on the camera
Setting up your camera

Setting the language, date/time

The first time you turn on the camera, you’re prompted to choose your language and set the date/time. (To change your language or date/time in the future, see page 10.)

To set the language:
1. Swipe up/down to view your language. (For more information on using touchscreen gestures, see page iii.)
2. Tap your language.

To set the date:
1. Tap to scroll through month, date, year. (Tap/hold to scroll quickly.)
2. Tap MDY to change the date format.
3. The time screen is below the date screen. Swipe up to view and set the time. (For more information on using touchscreen gestures, see page iii.)

To set the time:
1. Tap to scroll through hour and minute. (Tap/hold to scroll quickly.)
2. Tap AM to choose AM or PM.
3. Tap X to accept.
2 Using your camera

Taking a video, picture

When you turn on the camera, it’s ready to record.

■ Press the Record/OK button.
Press it again to stop recording.
To zoom in/out, tap T (Telephoto) or W (Wide) or
drag the zoom control.

Enhancing your experience

■ Choose a video resolution (or take pictures; see
   page 10).
■ Take close-up videos/pictures. Slide the Focus
   switch (see page i) to Close-up 📸. (When
   finished, slide it to back to Normal ✡️.)
■ Apply effects (Black & White, Sepia, 70’s Film, High
   Saturation, or Normal). Tap the Effects icon ☰
   to choose an effect.
■ Apply an LCD Glare Shield filter (page 12).
   NOTE: To apply an LCD Glare Shield, the feature must be turned on
   in the Settings menu (see page 10).
■ Adjust LCD brightness (see page 11).
■ Plug in headphones or an external microphone,
   then tap Headphone or Microphone.

IMPORTANT: Be aware of the battery level icon. Charge the battery whenever necessary.
Reviewing videos/pictures

You can rotate the camera right or left, according to your preference.

1 Tap the Review icon.
2 Tap or swipe the left/right side of the LCD to find a video/picture.
3 To play a video, tap the Play icon.

Using fast-forward, fast-reverse

While a video is playing, tap the right side of the screen to view at 2X speed. Tap again to view at 4X speed. (To play in reverse, tap the left side of the screen.)

While a video is paused, repeatedly tap the right side of the screen to advance one frame at a time. (To reverse one frame at a time, tap the left side of the screen.)

Enhancing your experience

- Use the sharing features (see page 16).
- Use the editing features (see page 12).
- View videos/pictures as thumbnails and select them for sharing (see page 8).
- Plug in headphones, then tap Headphone.
- Access the Volume controls, tap the volume icon.

NOTE: To switch to recording mode, press the Record/OK button.
Using your camera

Deleting videos/pictures
1 Tap the Review icon.
2 Tap or swipe the left/right side of the LCD to find a video/picture.
3 Tap , then follow the prompts.
NOTE: To switch to recording mode, press the Record/OK button.

Magnifying a picture
1 In Review, tap a picture to magnify it:
   ■ Tap the Magnify (+) icon to zoom 1X, 2X, 4X, 6X, and 8X.
   ■ Double-tap the Magnify (+) icon to quickly zoom to 8X.
2 Drag the picture to show hidden portions.
3 To return to 1X, double-tap the Magnify (-) icon.
NOTE: To switch to recording mode, press the Record/OK button.

Viewing videos/pictures as thumbnails (multi-up)
Use thumbnails to select multiple videos/pictures for sharing.
1 In Review, tap the Multi-up icon to view videos/pictures as thumbnails.
   ■ To select a thumbnail for sharing, tap and hold it. (The Share icon increments by one and checkmark appears on the selected video/picture. To clear a checkmark, tap and hold it.)
   ■ Tap the Share icon share to see Share options (see page 16).
   ■ To see other videos/pictures, swipe right or left or tap the right/left arrows.
   ■ To see a timeline view of videos/pictures, click the Timeline icon .
2 To see a single video/picture, tap it.
NOTE: To switch to recording mode, press the Record/OK button.
Using your camera

Downloading software, transferring videos/pictures to the computer

To use the sharing and social networking features, you must download KODAK Software.

1 Make sure the computer is connected to the Internet.
   NOTE: When you connect the camera to the computer, you have the choice of downloading ARCOFT MEDIAIMPRESSION for KODAK Software (for WINDOWS OS-based computers), the KODAK Camera Setup App (for WINDOWS and MAC OS), or both.

   If you are running MAC OS, you can also use the APPLE ILIFE suite of products to edit, personalize, make DVDs, share via YouTube and APPLE Online Sharing Services (IWEB and MOBILEME), or with ITUNES for syncing with IPHONE, IPOD, or APPLE TV.

2 Use the USB arm to connect the camera. (It turns on automatically.)

3 Follow the prompts to install the KODAK Camera Setup App, ARCOFT MEDIAIMPRESSION for KODAK Software, or both.
   You can then transfer and share videos/pictures.
   NOTE: You can also use a card reader to transfer videos/pictures.

For help using ARCOFT Software

</table>
Applying an LCD Glare Shield filter

Make the LCD easier to see in different conditions, such as the glare of bright sunlight. (Filters do not control the brightness or contrast of actual videos or pictures.)

IMPORTANT: To apply an LCD Glare Shield filter, the feature must be turned on in the Settings menu (see page 11).

1. Tap the Settings icon , then tap LCD Glare Shield.
2. Tap Filters On.
3. Tap to view each LCD Glare Shield filter:
   - Normal
   - High Contrast
   - Black and White
   After the description fades, the Glare Shield remains.

Editing videos

1. Tap the Review icon.
2. Tap or swipe the left/right side of the LCD to find a video/picture. To play a video, tap the Play icon.
3. Tap the Edit icon .
   The Editing menu appears.
4. Tap a choice:
   Trim Video—See page 13.
   Single Frame Extraction—See page 13.
NOTE: To switch to recording mode, press the Record/OK button.
Trimming a video

You can remove an unwanted section from a video, saving only the desired portion.

1. Tap the Review icon.
2. Tap or swipe the left/right side of the LCD to find a video/picture.
3. Tap the Edit icon, then Trim Video.
4. Drag the In marker to the desired video start. Drag the Out marker to the desired video end. Tap the Play icon to preview the video.
5. Tap Save, then follow the prompts to Save (to replace the current video) or Save As (to save it as a new video).

Extracting a single video frame

You can create a picture from a single video frame.

1. Tap the Review icon.
2. Tap or swipe the left/right side of the LCD to find a video/picture.
3. Tap the Edit icon, then Extract Single Frame.
4. Drag the Extract icon (or tap the left/right side of the LCD) until the desired frame is shown.
5. Tap Save.

*The frame is saved as a new picture.*
**Doing more with your camera**

**Viewing on a TV**

- We recommend that you plug the camera into a power outlet (see page 1).
- Ensure that the TV menu settings are correct for an HDMI or AV connection.
- For stereo playback, use the HDMI cable and stereo speakers on your TV or receiver.

---

**Set Video Out (NTSC/PAL)**  see page 11

**Use the remote control (optional accessory)** see page 14

**Purchase accessories**  [www.kodak.com/go/playtouchaccessories](http://www.kodak.com/go/playtouchaccessories)
Using the optional remote control

Use the remote control (an optional accessory) to start/stop recording and to review videos/pictures. Go to www.kodak.com/go/playtouchaccessories.

Remove the tab to activate the battery.
4 Sharing videos and pictures

Sharing via social networking sites
It’s never been easier to share videos and pictures on your favorite social networking sites.

IMPORTANT: To use the camera social networking features, you need to download KODAK Software (see page 9).

1 Tap the Review icon .
2 Tap or swipe the left/right side of the LCD to find a video/picture.
3 Tap the share icon.
4 Drag or swipe to see available social networking sites. Tap one or more sites. A check mark appears for each chosen site.
5 When finished, tap Done.

When you transfer the video/picture to your computer (see page 9), it is sent to the networking site(s) that you chose.

Marking videos/pictures for emailing
It’s simple to mark videos/pictures so that they’re ready to email. First, create a new email address. (See Add a new email address.)

1 Tap the Review icon .
2 Tap or swipe the left/right side of the LCD to find a video/picture.
3 Tap the share icon.
4 Tap the desired email address. (Drag or swipe to find an email address.) To mark other videos/pictures with the same address(es), scroll through them.
5 When finished, tap X.

When you transfer the video/picture to your computer (see page 9), it will be sent to the email addresses that you chose.
Add a new email address

1. Tap the share icon.
2. Tap Sharing Settings.
3. Tap Manage Email.
4. Tap New Email.
5. Tap each letter. When finished, tap Save.

6 Appendix

Specifications

Image Sensor—1/3.2-type, 5 MP, CMOS

Lens—3.9 mm, f/2.8; 35 mm equivalent: 44 mm (1080p), 33 mm (720p/60 fps, 720p, WVGA), 33 mm (Still)

Zoom—4X digital

LCD—7.6 cm (3 in.) touch screen; 230 K pixels

Image Storage—128 MB internal memory (approximately 20 MB available for image storage). 1 MB equals one million bytes); optional SD/SDHC Card (The SD logo is a trademark of the SD Card Association.) Maximum supported size: 32 GB SDHC.

Focusing System—Fixed

Focus Range—Normal: 1 m (3.3 ft)—infinity; Macro: 0.15 m (0.5 ft)

White Balance—Auto

Exposure—Auto

File Format—Still: JPEG with Kodak EXIF; Video: H.264 (.mp4); Audio: MPEG-4 AAC LC

- HD 1080p (16:9) 30 fps: 1920 x 1080 @ 30 fps
- HD 720p (16:9) 60 fps: 1280 x 720 @ 60 fps
- HD 720p (16:9) 30 fps: 1280 x 720 @ 30 fps
- WVGA (16:9) 30 fps: 848 x 480 @ 30 fps
- Still (16:9): 5 MP picture

Shutter Speed—Auto, 1/8000–1/30

Image stabilization—Digital, in all video modes
Microphone—Internal mono, with jack for external stereo
ISO—Auto: 50–800 in Still mode
Speaker—Yes
I/O Interface—USB 2.0 (high speed); component output; HDMI; DC-In, headphone/external microphone jack (3.5 mm)
Tripod Mount—1/4-in. standard
Power—KODAK 5-Volt AC adapter, or KODAK Li-Ion Rechargeable Digital Camera Battery KLIC-7004
Battery life—Approximately 100 minutes in video recording mode, 720p @ 30 fps
Size—59 x 109.7 x 15.6 mm (2.3 x 4.3 x 0.6 in.)
Weight—145 g (5.1 oz) with battery and card
Operating temperature—0–40°C (32–104°F); do not expose camera to higher temperatures.

Safety

⚠️ CAUTION:
Do not disassemble this product; there are no user-serviceable parts inside. Refer servicing to qualified service personnel. KODAK AC Adapters and battery chargers are intended for indoor use only. The use of controls, adjustments, or procedures other than those specified herein may result in exposure to shock and/or electrical or mechanical hazards. If the LCD breaks, do not touch the glass or liquid. Contact Kodak customer support.

- The use of an accessory that is not recommended by Kodak may cause fire, electric shock, or injury. For approved accessories, go to www.kodak.com/go/playtouchaccessories.
- Use only a USB-certified computer equipped with a current-limiting motherboard. Contact your computer manufacturer if you have questions.
Appendix

- If using this product in an airplane, observe all instructions of the airline.
- When removing batteries, allow them to cool; they may be hot.
- Follow all warnings and instructions supplied by the battery manufacturer.
- Use only batteries approved for this product to avoid risk of explosion.
- Keep batteries out of the reach of children.
- Do not allow batteries to touch metal objects, including coins. Otherwise, a battery may short circuit, discharge energy, become hot, or leak.
- Do not disassemble, install backward, or expose batteries to liquid, moisture, fire, or extreme temperature.
- Remove the batteries when the product is stored. In the unlikely event that battery fluid leaks inside the product, contact Kodak customer support.
- In the unlikely event that battery fluid leaks onto your skin, wash immediately with water and contact your local health provider. For additional health-related information, contact your local Kodak customer support.
- Go to www.kodak.com/go/reach for information about the presence of substances included on the candidate list according to article 59(1) of Regulation (EC) No. 1907/2006 (REACH).
- Dispose of batteries according to local and national regulations. Go to www.kodak.com/go/kes.
- For more information, go to www.kodak.com/go/batteries.

Care and maintenance

- Before inserting or removing the card/battery, make sure your hands, the camera, and the card/battery are completely dry.
- If water has entered the camera, remove the battery/card. Allow all components to air-dry for at least 24 hours before using the camera.
Appendix

- Do not subject the camera to temperatures lower than 0 °C (32 °F) or higher than 40 °C (104 °F) for an extended time—the integrity of the seals may be compromised. Wait until camera reaches operating temperatures before using.
- Blow gently on the lens or LCD to remove dust and dirt. Wipe gently with a soft, lint-free cloth or an untreated lens-cleaning tissue. Do not use cleaning solutions unless designed specifically for camera lenses. Do not allow chemicals, such as suntan lotion, to contact painted surfaces.
- Service agreements may be available in your country. Contact a dealer of KODAK Products for more information.
- For camera disposal or recycling information, contact your local authorities. In the US, go to the Electronics Industry Alliance Web site at www.eiae.org or go to Kodak at www.kodak.com/go/support.

Limited warranty

Kodak warrants its digital cameras and accessories (excluding batteries) to be free from malfunctions and defects in both materials and workmanship for the warranty period specified on your KODAK Product packaging. Retain the original dated sales receipt. Proof of purchase date is required with any request for warranty repair.

Limited warranty coverage

Warranty service is only available from within the country where the Products were originally purchased. You may be required to ship Products, at your expense, to the authorized service facility for the country where the Products were purchased. Kodak will repair or replace Products if they fail to function properly during the warranty period, subject to any conditions and/or limitations stated herein. Warranty service will include all labor as well as any necessary adjustments and/or replacement parts. If Kodak is unable to repair or replace a Product, Kodak will, at its option, refund the purchase price paid for the Product provided the Product has been returned to Kodak along with proof of the purchase price paid. Repair, replacement, or refund of the purchase price are the sole remedies under the warranty. If replacement parts are used in making repairs, those parts may be remanufactured, or may contain remanufactured materials. If it is necessary to replace the entire Product, it may be purchased.

www.kodak.com/go/support
Appendix

replaced with a remanufactured Product. Remanufactured Products, parts and materials are warranted for the remaining warranty term of the original Product, or 90 days after the date of repair or replacement, whichever is longer.

Limitations

This warranty does not cover circumstances beyond Kodak’s control. This warranty does not apply when failure is due to shipping damage, accident, alteration, modification, unauthorized service, misuse, abuse, use with incompatible accessories or attachments (such as third party ink or ink tanks), failure to follow Kodak’s operation, maintenance or repacking instructions, failure to use items supplied by Kodak (such as adapters and cables), or claims made after the duration of this warranty. Kodak makes no other express or implied warranty for this product. In the event that the exclusion of any implied warranty is ineffective under the law, the duration of the implied warranty will be the length of the express warranty period specified on your KODAK Product packaging. The option of repair, replacement, or refund is Kodak’s only obligation. Kodak will not be responsible for any special, consequential or incidental damages resulting from the sale, purchase, or use of this product, regardless of the cause. Liability for any special, consequential or incidental damages (including but not limited to loss of revenue or profit, downtime costs, loss of the use of the equipment, cost of substitute equipment, facilities or services, or claims of your customers for such damages resulting from the purchase, use, or failure of the Product), regardless of cause or for breach of any written or implied warranty is expressly disclaimed. The limitations and exclusions of liability set forth herein apply to both Kodak and its suppliers.

Your rights

Some states or jurisdictions do not allow exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. Some states or jurisdictions do not allow limitations on how long an implied warranty lasts, so the above limitation may not apply to you. This warranty gives you specific rights, and you may have other rights which vary from state to state or by jurisdiction.
Appendix

Outside the United States and Canada
In countries other than the United States and Canada, the terms and conditions of this warranty may be different. Unless a specific Kodak warranty is communicated to the purchaser in writing by a Kodak company, no warranty or liability exists beyond any minimum requirements imposed by law, even though defect, damage, or loss may be by negligence or other act.

Regulatory compliance
FCC compliance and advisory
This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed or used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: 1) reorient or relocate the receiving antenna; 2) increase the separation between the equipment and the receiver; 3) connect the equipment to an outlet on a circuit different from that to which the receiver is connected; 4) consult the dealer or an experienced radio/TV technician for additional suggestions. Any changes or modifications not expressly approved by the party responsible for compliance could void the user’s authority to operate the equipment. Where shielded interface cables have been provided with the product or specified additional components or accessories elsewhere defined to be used with the installation of the product, they must be used in order to ensure compliance with FCC regulation. The KODAK High-Performance USB AC Adapter K20-AM complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
